Dear friends and family,

It's hard to believe that we're almost at the end of this year. Great to look back at such a great and blessed year in which we all could be a blessing to so many people.

Together with our team of workers and volunteers we were able to help and encourage so many people. We're grateful for our great team. Together we were able to reach out to more than a hundred families in need.

Last week Frieda from the Netherlands brought us a visit. She's the one buying products for the 'Fair Trade' organization. Janet, a woman of our ladies group had just given me a self-made bracelet, made from seeds out of the jungle of Peru. When I showed it to Frieda, she says: 'Make me 500 of this one'. You should have seen Janet's face!

We received more orders that day. More work for our women and money coming to cover the next expensive months. 😊

4 Children, roaming around in our neighborhood.... They come from the deep jungle of Peru, about 6 days travelling from Lima. We discover that they're very behind in their development; the 10-year-old girl doesn't discern colors from letters and her language knowledge is very basic.

Also the children had serious medical problems which never have been attended.

We opened a new program for them, bringing them back to the level of development in which they should be. Also Jordi takes them to our friend pediatrician to have them treated.

# Bosch news

We're grateful for our sponsored projects. One concern still is our running costs; the salaries of our staff as well as our personal expenses. For this reason we started our 'Sponsor a Child' project. We already have a number of sponsors, but still we haven't reached our goal by far. We ask your continuous prayers and support, so that, in the next year, we can continue our work in this so needed area.

One of the highlights this year was the 5k run. Our teens ran as well. With this run, organized by Peru Generoso, more than 4000 US\$ was raised for Brazos Abiertos.

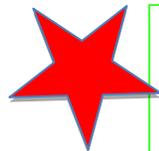

Project Puzzle Piece; At this moment our counter is at 683! Still 277 pieces to go (65 US)per piece). Can you help us with our last pieces? The Vamos Foundation from Holland multiplies every bought piece

## **The harvest is plentiful!**

Last year we had the privilege to open another preschool in Estrellita. Grateful, because 70 children found their way to this little school and receive education. Last week we had our subscription for next year. It was touching. The day before, mothers were already in line to get a place. They spent the night to get their awaited spot. Now, we even stopped registering on the waiting list; there are so many!

## **In 2015 I liked the most.....**

**Timo:** "That there is people donating money for us to be here". "That I could participate in Taekwondo tournaments and won a lot of medals. And that we go on fieldtrip next week".

**Joah:** "That we won a soccer match from another team and the family fun night at school!"

**Hanna:** "That I got a lego Frozen castle for my birthday and for my friends at school."

### **Jordi and Ria:**

At the start of the year we knew that this was going to be a difficult year with lots of challenges ahead and a young team. Looking back, we're grateful. With joy and happiness we worked hard this year. We were testimony of God's protection and provision every single day! We thank all supporters, teams and individuals who made it all possible to come this far. But above all we thank God for giving us the opportunity to serve Him!
